About Miss Somer

My love for music began when I was very young, singing with my sister. Growing up in North Carolina music was always a part of every event. I took piano in high school and for the last few years have been playing guitar in a duo called acaciawood. I have developed this custom curriculum for young learners.

Thank you for the opportunity to be a part of your child's musical journey. I am looking forward to an amazing year!

Practice

Students must have a guitar for at-home practice, and are expected to practice a **minimum of 5 days per week**.

Regular practicers thrive musically and will progress quickly. The more they put into the learning the farther they will go.

Missed classes

If your child cannot make a scheduled class, please **email, call, or text ahead of time**.

There are no refunds for missed lessons.
